**Portfolio:** raisa.io

## *Profile*

**Software Developer with 3+ years of experience specializing in Front-End Web and Mobile development.** Passionate about building intuitive, high-performance applications that elevate user experience and drive engagement. Skilled in solving complex problems with attention to detail, delivering results in fast-paced, collaborative environments. A strong communicator and team player committed to continuous learning and delivering quality solutions.

## Technical Skills

- **Programming Languages**: Python, Java, C, C#, SQL, JavaScript, TypeScript

- **Mobile Development**: React Native, Native Package Integration (Swift, Java)

- **Web Development**: React, HTML, CSS, SCSS, SASS, Chakra UI, Next.js, TypeScript

- **Frameworks & Tools**: Node.js, REST APIs, Version Control with Git, E2E Testing with Detox

- **Methodologies**: Agile Methodologies, CI/CD, Cross-Platform Development

## Education

**Bachelor of Science (BSc) in Computing and Software Systems** *University of Melbourne - Melbourne, Australia*
*July 2017 - July 2020*

- Gained a strong understanding of computing principles through coursework in algorithm design, software development, and system architecture.

- Applied knowledge to develop both web and mobile applications in various projects.

## Additional Information

- **Languages**: English (Professional), Indonesian (Native), German (Basic)

## Professional Experience

**Software Developer** *Applickable - Melbourne, Australia*
*July 2023 - January 2025*

- Developed complex front-end systems for mobile and web applications.

- Implemented native packages in React Native for mobile applications.

- Collaborated with clients to troubleshoot issues and provide effective solutions.

- Utilized Agile methodologies and CI/CD pipelines to ensure timely, high-quality releases.

**Junior Software Developer** *Applickable - Melbourne, Australia*
*May 2021 - July 2023*

- Developed both mobile and web applications with a focus on front-end development

- Enhanced app performance and user experience by optimizing code and implementing design improvements.

- Communicated with clients to gather and analyze requirements, ensuring alignment with project goals.

**Junior Web Developer & Designer** *AdVisible - Sydney, Australia*
*March 2021 - May 2021*

- Worked on web development projects involving front-end development, UI design, and content management.

- Conducted CRO analysis, Google Analytics tracking, and SEO keyword mapping.

**Frontend Developer Intern** *Antigrvty - Jakarta, Indonesia*
*December 2019 - February 2020*

- Developed iOS and Android applications using React Native and JavaScript.

- Collaborated with back-end developers and UI designers to ensure a seamless development process.
